UNEMPLOYMENT BECOMES NATIONAL ISSUE

Predict Rail Labor Will Vote To Strike

CONSERVATIVES ATTEMPTING TO STOP WALK-OUT

Union Leaders Confident All Organizations Will Turn Down Wage Reductions

ACCEPTANCE IS URGED

Lee Advises Employees They Should Take Lowering of Wages Without Fight

CHICAGO, Sept. 26.—(By the Associated Press)—Leaders of the Big Four brotherhoods and affiliated railroad unions tonight declared they had little doubt that the railway employees had voted for a general strike rather than accept a wage reduction, but announced that the conservation counsel of the leaders might prevail against a walk-out.

General chairman of the Brotherhood of Railway Trainmen began counting the 186,000 strike ballots of their men, but admitted at the start that, judging from the known temper of the men, the result will be overwhelmingly for a strike. Pressed for an estimate as to what that majority might be, Vice President James M. McDuck said:

"Out past experience has been that 98 per cent of the men will always vote to strike."

Next Monday officials of the Brotherhood of Locomotive Engineers, Order of Railway Conductors, Brotherhood of Locomotive Firemen and Engineers and Switchmen's Union of North America will meet to count the vote of their 259,000 members. Railroad union leaders here expect all the brotherhoods and the switchmen's union to cast substantial majorities for a strike. The affiliated shop crafts have already voted by approximately 325,000 to 48,000 to walk out and are only waiting to see what action the other unions take and for the railroad labor board to dispose of the pending working rules agreements.

Reports of the general chairman of the trainmen when they assembled today were disappointing to the union leaders. The trainmen had voted on a separate ballot because their leaders did not approve of the joint ballot prepared by the other unions. On September 12, President W. C. Lee, who has been ill at Cleveland, addressed a letter to the men, who were in the midst of the balloting, in which he pointed out reasons why he thought a strike would be unwise at this time and why the men might expect to accept some wage reduction.

He asked the men to consider the fact that wages and working conditions of all classes established since 1918 were result of the world war, that 5,000,000 men are employed, that "nearly all classes of labor have been forced to accept reduced rates of pay during the past year," that the increased wages granted railroad men last year were based on increased cost of living, and that government reports indicate a 16 per cent cut in living costs since July 1, 1920.

The strike vote, union officials pointed out, does not necessarily mean the immediate calling of a strike. The question as submitted to the men carried a vote for or against "a strike unless the wage reduction question can be settled in a manner satisfactory to the general grievance committee."

Reports to Clyde that one police station "was the home of a nest of

Washington Man Arrested On Charges Of Conspiring To Ship Arms To Ireland

NEW YORK, Sept. 26.—Charged with being engaged in a "conspiracy to furnish subjects of the British empire in Ireland with arms and munitions to be used against the British empire and to instruct them in the use of the weapons," George Gordon Rorke, a graduate of Georgetown University, was arrested here tonight and released on \$3,000 bail for his appearance in the federal court tomorrow.

Rorke, a commission dealer in arms and ammunition residing in Washington, D. C., was alleged to be concerned with the shipment of 495 machine guns seized by government agents on board the steamship East Side at Hoboken, N. J., last June.

Rorke was taken into custody on a telegraphic order from Attorney General Daugherty. When arrested Rorke showed the agents of the department of justice a subpoena directing him to appear before the federal grand jury at Trenton as a government witness in connection with the seizure of the guns.

The complaint charges Rorke and three other men, not yet arrested, have been engaged in the conspiracy since November 19, 1920.

The arms were seized July 14, by federal agents on the ground that their shipment was being attempted without compliance with the maritime regulations that a manifesto be obtained. The next day the Hoboken police attempted to take the arms from federal agents on a search warrant obtained by a man giving the name of "Frank Williams" who claimed they had been stolen from him on June 11.

Presence of the arms on the ship was not known to its owner, the shipping board or to its managing operators until they were informed of the discovery. The ship was loading for an Irish port when the seizure occurred.

By agreement of the Hoboken police and the customs authorities, the arms were later taken to a Manhattan warehouse where they were to remain until there was a judicial determination of their ownership.

SOUTHWEST TRIAL COURT ASKED TO ORDER ELECTION

Mention of Poison is Injected Into Case For First Time By Counsel For Defense

TWIN FALLS, Idaho, Sept. 26.—Mention of poison for the first time was injected into the case of the state against Lydia Meyer Southard, charged with the murder of her fourth husband, Edward F. Meyer, which opened in district court here today, in the examination of a prospective juror by William P. Guthrie, chief counsel for the defense at a late hour this afternoon.

Attorney Guthrie drew from the talesman the statement that he had formed no definite opinion as to the guilt or innocence of the accused, that his mind was free of bias and that the state must prove its case beyond a reasonable doubt in order to obtain a verdict of guilty. Then came the question: "Would you require the state to prove beyond a reasonable doubt that poison was found in the body of Edward F. Meyer and that such poison was administered by the defendant with intent to cause death?"

There was a noticeable silence as the talesman answered that he would.

The entire day's session was taken up with the examination of prospective jurors and at the conclusion of the hearing, about half of the panel of 75 remained for examination. When the list is exhausted, the entire examination will be gone over again by the attorneys by the defense after which it is expected it will be necessary to secure a special venire in order to secure the requisite 12 men to sit on the case.

Mrs. Southard sat during the entire session beside her husband, Paul V. (CONTINUED ON PAGE FIVE)

Writ of Mandamus Sought to Compel Secretary Hall to Call For Ballot

PHOENIX, Ariz., Sept. 26.—Application for a writ of mandamus to compel Secretary of State Ernest R. Hall to call a special election on November 3 on house bill 85, was filed in the state supreme court today by attorneys for the Paradise Verde Irrigation District.

House bill 85, which would authorize the state to issue and sell state bonds in return for bonds of approved irrigation districts, was passed by the last legislature. One of its paragraphs provided that it should be referred to the voters at a special election on November 8.

A petition requesting Secretary Hall not to call the special election was filed in the office of the secretary of state some time ago, and Hall then announced that he would not call the election. The attorney general's office ruled that the secretary of state should ignore the petition and call the special election but when the 1921 session laws were printed, the following footnote was attached to house bill 85:

"A referendum having been filed on Section 4 of this act, the special election will not be held and the act will be submitted at the next general election, unless the courts order otherwise. Ernest R. Hall, secretary of state."

No action was taken on the petition for the writ today and it was said that no action would be taken until Justice Edward J. Flanagan, recently appointed member of the court, arrives from Bisbee.

MUST CONTINUE TRAIN PHOENIX, Ariz., Sept. 26.—The state corporation commission today refused to grant permission to the Arizona Eastern Railroad company to discontinue its evening train from Globe to Miami and return.

BELFAST SCENE OF FIERCE FIGHTING

Assembly of Three or More Persons is Prohibited as Result of Rioting

BELFAST, Sept. 26.—(By the Associated Press)—A proclamation prohibiting the assembly of three or more persons in the riot zone in New Road in Belfast, the scene of fierce fighting Sunday, was issued this evening to become effective at 8:30 o'clock tonight. The order is similar to the riot act. Military forces are holding the riot zone with fixed bayonets. Lorries equipped with powerful searchlights have taken up positions.

OPponents OF TREATIES NOW NUMBER DOZEN

Senator Williams Joins Rank Of Opponents; Says He Cannot Desert Allies

DEMOCRATS WILL MEET

Pact Calling For End of War Given Top Place in Discussions in Senate

WASHINGTON, Sept. 26.—Senate warfare over the German peace treaty was resumed today and informal canvasses of Republican and Democratic leaders were said to show about a dozen senators in opposition—three of them Republicans.

A notable accession today to the opposition ranks was Senator Williams, of Mississippi, veteran Democratic member of the foreign relations committee. Although he had declared himself previously in favor of ratification, he announced he had decided finally to vote against, because "desertion of the allies was involved."

Democratic senators will meet tomorrow to discuss their positions. Senator Underwood, of Alabama, Democratic leader, issued the conference call after consulting Senator Hitchcock of Nebraska, ranking member of the foreign relations committee. It was said there was no intention to caucus or bind senators.

The treaty was given top place as some senators were not ready to debate the tax revision bill.

Senator Lodge, Republican leader, urged prompt ratification, while Senator Borah, of Idaho, Republican "irreconcilable," spoke two hours in opposition. Another Republican "irreconcilable," Senator Brandegee, of Connecticut, and Senator Lenroot, Republican, Wisconsin, intervened in favor of ratification.

Asserting that the new treaty would entangle this nation in European affairs, Senator Borah emphasized predictions that America would be required to participate in the allied reparations commission and become involved in European affairs. Senator Brandegee declared against such a proposition.

TAX BILL DEBATE TO START TODAY

Course of Measure Depends On Action Taken During Democratic Caucus

WASHINGTON, Sept. 26.—The tax revision bill was read today in the senate but formal consideration was deferred until tomorrow. Whether the measure will be pressed may depend upon the action of the Democratic caucus tomorrow on the peace treaties with Germany, Austria and Hungary.

Chairman Penrose of the finance committee, in charge of the measure, said that should it develop that the treaties could be ratified with only a few days' consideration, the tax measure probably would be laid aside temporarily. This, in the end, would expedite final action on the tax legislation, he said.

The senate was informed today by both Senator Underwood of Alabama, Democratic leader, and Senator Simmons of North Carolina, ranking minority member of the finance committee, that there was no disposition by Democrats to delay tax legislation. Senator Penrose wanted to take up the revenue bill for amendment today, but Senator Simmons objected, insisting procedure be limited to reading of the bill.

TWO CALIFORNIA CITIES ARE ROCKED BY 'QUAKE

SAN FRANCISCO, Cal., Sept. 26.—A slight earthquake was felt here at 2:45 this afternoon. At Ontario, 20 miles west, it was of sufficient intensity to rattle dishes in houses.

RIVERSIDE, Cal., Sept. 26.—A slight earthquake was felt here at 2:45 o'clock today. No damage was reported.

BLACKMAIL IS INTIMATED IN ARBUCKLE CASE

Sennacher Accused Having Conspired With Mrs. Delmont Against Comedian

ATTORNEYS SUMMONED

Fatty's Legal Advisors Are Directed to Inform Grand Jury of Their Charges

SAN FRANCISCO, Sept. 26.—An assertion in court today by Roscoe C. (Fatty) Arbuckle's chief counsel, Frank Dominguez, that he believed blackmail had been contemplated against the film comedian and that this motive figured in the defendant's arrest on a murder charge, was ordered put before the grand jury tonight by District Attorney Matthew A. Brady.

Brady issued subpoenas for Dominguez and his associate counsel, Charles H. Brennan of San Francisco, and Milton M. Cohen of Los Angeles, to appear at tonight's grand jury session and repeat their charges.

The action was taken, Brady said, on the request of Alfred Sennacher, who was accused by Dominguez today of having conspired with Mrs. Bambina Delmont, the complaining witness against Arbuckle, to take parts of the clothing of Miss Virginia Rappe to Los Angeles for the purpose of extorting money from the defendant, who is charged with the murder of Miss Rappe.

Backs Up Assertions Dominguez made his assertion after long questioning of Sennacher regarding his previous testimony in the case. Dominguez declared that previous conduct of Mrs. Delmont in Los Angeles, where he said, she made claims against a man named Earl Lyman, lent color to his accusation.

Police Judge Lazarus before whom the hearing is being held, refused, however, to allow Dominguez to question Sennacher along this line, saying it had no part in the present proceedings.

Sennacher's testimony took up most of the afternoon session. In the morning, Dr. Arthur Beardslee, house physician at the Hotel St. Francis, who treated Miss Rappe after the revolver in Arbuckle's suite, out of which the murder charge grew, testified he discovered evidence of a ruptured bladder early the morning after the party and that he advised her removal to a hospital.

The defense was unable to make him admit that she could have been suffering from anything else. Dr. Beardslee stuck to his diagnosis and said he found her writhing in pain when he was called in after the party, the pain being so great he had to administer sedatives three times in the night.

Not Girl's Manager Replying to a hypothetical question regarding the cause of a torn bladder, he said an injury such as that described by the prosecution probably would have been caused by an external force such as a fall or blow, although contortions incident to violent vomiting might have produced that effect.

Evidences of alcoholism were overshadowed by Miss Happe's sufferings from the rupture, Dr. Beardslee said. (CONTINUED ON PAGE FIVE)

DENY NEW TRIAL FOR MRS. PEETE

California Appellate Court Flays Action of Prosecution; Refuses Plea

LOS ANGELES, Sept. 26.—Motion for a new trial for Mrs. Louise L. Peete, convicted of the murder of Jacob Charles Denton, wealthy mining man here in June, 1920, was denied in a decision handed down here today by the appellate court.

The decision declared the conduct of District Attorney Thomas Lee Woolwine toward Mrs. Peete during the trial was reprehensible and inexcusable, although it did not constitute grounds for a retrial of the case.

Daring Crimes In New York Staged By Bandit Gangs

Pitched Battle is Staged in Grand Central Station as Robbery Attempted

NEW YORK CITY, Sept. 26.—The cry of "crime wave" was raised again tonight after a day of carnival for robbers in New York.

The most daring bit of thievery was attempted in the crowded Grand Central station, where three bandits armed with lead pipes and revolvers fell on a cashier of the New York, New Haven and Hartford Railroad and tried to snatch a handbag containing thousands of dollars.

A man alleged to have been a member of the trio was captured after a pistol fight, in which 18 shots were fired, corridor walls scarred with bullets and thousands of commuters attracted to the scene. The money was saved.

A pistol attack upon M. J. Michacek, a theatre manager, while he was carrying \$1,200 to the bank. Result: Michacek dropped his money box at the first shot, which grazed his cheek and his assailant scooping up \$400, escaped in an automobile.

J. Perdisatt and his bride were held up by four men at the bride's home. Three of the robbers were arrested.

AIRPLANES SINK 3 BATTLESHIPS

Air Officers Claim Attack On Vessels is Proof of Aircraft Supremacy

NORFOLK, Va., Three hulks of battleships lie in Chesapeake Bay within 1,000 yards of each other, the victims of experimental attacks by air and water. The Alabama, sunk today by a 2,000 bomb from a Martin bomber, joined the old Indiana, sunk by bombs and the San Marcos, formerly the Texas, sent down long ago by shell fire.

The Alabama is lying partly submerged, largely as a result of the impact from a bomb hurled this afternoon. The bomb hit the vessel amidships, turning it on its side. Six other planes, carrying 2,000 and 1,000 pound bombs, bombarded the hulk, completing the destruction.

Air officers are exuberant about the experiments. They feel that the attack was a success, particularly the gas attack.

One Born Every Fourth Minute

A lady who had a family of three children didn't want any more because she had heard that every fourth child born in the world was a Chinaman.

As ludicrous, perhaps, as an old misconception some skeptical folks used to have about advertising.

There was a time, when some advertisements had to be taken with a grain of salt. A few misguided advertisers thought they could sell their goods better by misrepresenting them. Those advertisers have long since gone out of business or mended their ways. Hard experience taught that untruthful advertising didn't pay.

Other advertisers proved that the only way to advertise successfully, make regular customers, and build up good will was to tell the absolute truth about their goods in their advertisements.

You can depend on the merchant or manufacturer who advertises. The concern that tells you frankly what it is doing is a good concern with which to do business. The store that advertises is a progressive store that has something really worth while to say to you. And companies that advertise their products or their service have confidence in them. You can safely share their confidence.

Inferior merchandise cannot masquerade in the quality clothes of advertising.
